Old
Grumpet

The Rules of Old Grumpet

Have someone deal the cards or lay them all out face-down for everyone to draw their own hand.

Lay down any pairs you get. Then one by one each player draws a card from the hand of the person to their left, and if it matches one of theirs, they lay down the pair.

The game continues until all the pairs are laid down, and one player is left holding the Old Grumpet card.

The player with the most pairs and **no Old Grumpet** wins the game!

Or the Old Grumpet card can be removed from the deck and you can use the other cards to play **Concentration!**
